- Prepared contract documents, service order and notification to start works;
- Evaluated percentage of works realised for eventual payment;
- Prepare monthly report to justify all the projects realised per their activities of works and time consumed;

---

## **EDUCATION**

**Academic year** : October 2016 - April 2018

**Institution** : National Advanced School of Public Works - Yaoundé, Cameroon

**Degree** : Master in Geotechnical and Structural Engineering

**Academic year:** October 2001 - September 2004

**Institution** : National Advanced School of Public Works - Yaoundé, Cameroon

**Degree** : Bachelor of Science in Rural Engineering

## SKILLS

---

- Proficient in modeling using AutoCAD software;
- Proficient in structural design of buildings using Autodesk Robot software;
- Proficient in COVADISC software;
- Proficient in Geo-studio and Plaxis software;
- Proficient in Microsoft Word, Excel and Power Point .

## LANGUAGES

---

**English**- Full Professional proficiency

**French**- Professional working proficiency

## PUBLICATIONS

---

About to publish a book titled: **Concrete Chaos -The Hidden Dangers of Uncontrolled Concrete Works**

## ADDITIONAL INFORMATION

---

- I attended a two weeks training in Egypt on Irrigation Techniques for Water Conservation
- Willing to travel extensively and work in challenging conditions.
- Committed to diversity, equity, and inclusion in all professional interactions.
- Excellent physical health and ability to handle the demands of fieldwork
